

Community Safety

The parish council will endeavour to:

- Encourage national initiatives such as Rural-Watch and Home-Watch schemes via the newsletter and website
- Receive regular bimonthly local police crime reports at its meetings
- Advertise availability and contact details for local police via the newsletter and website
- Encourage residents to report anti-social behaviour and environmental crime incidents directly to the appropriate agency by providing relevant contact numbers via the newsletter

Traffic and Transport

The parish council will endeavour to:

- Encourage residents to report speeding and parking issues to the relevant body by providing contact information via the newsletter
- Liaise with NYCC on highway maintenance and safety issues
- Promote, encourage and support the provision and use of public and community transport via the noticeboards, newsletter and website

Housing

The parish council will endeavour to:

- Review planning applications within the parish boundaries submitted to our local planning authority - NYMNPA
- Continue to consult with NYMNPA, SBC and the housing associations in regard to the provision of affordable housing within Aislaby

Aislaby Parish Council

Parish Plan

2020-2025

The original Aislaby Parish Plan was generated in 2004 but not revisited until 2018. At this time a questionnaire was sent to each household in the parish asking residents *to 'name three improvements in your opinion you consider important to the village'*. The responses were collected and collated and form the basis for the revised Aislaby Parish Council Parish Plan for the next five years, 2020-25. Progress will be reported to the residents of the parish periodically via the parish council's newsletter.

You may contact Aislaby Parish Council via the Parish Clerk, details available on the noticeboard, newsletter and website.

The responsibility for the monitoring of the Parish Plan lies with Aislaby Parish Council.

Aislaby Parish Council 18 August 2020

Communication

The parish council will endeavour to:

- Ensure residents are aware of who their parish councillors are and their contact details via the noticeboard, newsletter and website
- Inform residents of parish council meetings and activities via its noticeboard, newsletter and website
- Invite community involvement by giving the opportunity for residents to raise issues either by writing to the parish council or during the Public Session, which takes place immediately before the regular bimonthly meetings of the parish council

Health

The parish council will endeavour to:

- Raise awareness of available aid agencies and give contact details via the newsletter and website

Older Residents

The parish council will endeavour to:

- Liaise with NYCC Stronger Communities Team and ask them to identify opportunities and facilitate a range of local support and services aimed at reducing inequalities and improving wellbeing
- Provide contact details for providers of services for older people via the newsletter and website

Children & Young People

While there are limited opportunities for the parish council to develop its own strategies for CYP, it will endeavour to:

- Encourage and support initiatives by other local and national organisations
- Advertise youth opportunities via the noticeboards, newsletter and website

Environment, Conservation and Wildlife

The parish council will endeavour to:

- Protect the local village environment and promote access for walkers, cyclists and nature lovers
- Deter fly-tipping, littering, dog-fouling and other anti-social and environmental crime within the parish and advise residents of how to report issues directly to the relevant body via the newsletter
- Work with residents, landowners, NYCC, NYMNPA, SBC and other agencies to facilitate keeping the parish clean, tidy and well-maintained
